Short Description of the Organisation/ Department - strengths and scientific achievements (publications, patents, etc.), important infrastructure (<i>up to 2000 characters with spaces</i>)	<p>The University of Brescia (UNIBS) was established in 1982. The University of Brescia offers a wide range of educational programs with Bachelor and Master of Science (MSc) degrees, postgraduate technical courses, specialization schools and Ph.D. programs in most areas: business and economics, engineering and technology, law, medicine and surgery. There are 8 Departments which are involved in the research activities both on a national and</p>	

	<p>international level.</p> <p>With its 608 permanent academic staff, offers 26 undergraduate Degree programs, 16 postgraduate, 5 Single Cycle Master's Degree Programs, 41 Schools of specialization and 9 Doctoral Degree programs. The student population is currently about 15000 members. The University of Brescia aims at enhancing research and addressing the educational needs of the European and global communities, by promoting collaboration and integration. The University of Brescia promotes initiatives aimed at internationalization, European and international exchange agreements and cooperation programs to encourage student and researcher mobility. The result is a wide choice of dual award programs, courses taught in English, international summer schools, together with highly-recognized scientific research and important international awards. The University participated in various programs such as FP5, FP6, FP7, COST actions, LIFE+, South East Europe Program, Erasmus Mundus, ACP Water Facility, Civil Justice. 25 projects were funded within the 7th Framework Programme. At present the University counts about 130 active financed research projects, both national and international and is currently participating in 27 projects within Horizon 2020. The University counts more than 27.400 publications indexed in Scopus.</p>
