#### DEPARTMENT OF BIOCHEMISTRY AND BIOTECHNOLOGY

#### Consultations on microclonal propagation

strategies for commercial plant propagation, technological recommendations

**12 USD (500 UAH)**  
one-time consultation  
**6 USD (250 UAH)**  
repeated consultation  
**25-50 USD**  
**(1000-2000 UAH)**  
throughout the project

from several weeks up to a month

#### Viktor HUSAK

E-mail: [viktor.husak@pnu.edu.ua](mailto:viktor.husak@pnu.edu.ua)  
Phone number: 0342596171

#### Microclonal plant propagation

creation and propagation of virus-free planting material for agricultural and ornamental plants using in vitro culture

**1 USD (41 UAH) / pc.**  
cassette seedlings of fruit and berry crops up to 1000 pcs.  
**0.5 USD**  
**(21 UAH) / pc.**  
cassette seedlings of fruit and berry crops > 1000 pcs.

from 3 to 24 months  
(depending on the type of plant)

#### Viktor HUSAK

E-mail: [viktor.husak@pnu.edu.ua](mailto:viktor.husak@pnu.edu.ua)  
Phone number: 0342596171

#### Breeding laboratory mice for research

**5 USD (200 UAH)**  
a young mouse  
**12 USD (500 UAH)**  
a year-old mouse

2 months - 12 months  
(depending on the age group of the mice)

#### Maria BAYLIAK

E-mail: [maria.bayliak@pnu.edu.ua](mailto:maria.bayliak@pnu.edu.ua)  
Phone number: 0342596171

#### Biotechnological research with SCOBY and mushroom mycelium

cultivation and modification of SCOBY and mushroom mycelium for the production of biomaterials (e.g., skin prototypes), evaluation of its biochemical characteristics

depends on the complexity of the project

from several weeks up to several months

#### Maria BAYLIAK

E-mail: [maria.bayliak@pnu.edu.ua](mailto:maria.bayliak@pnu.edu.ua)  
Phone number: 0342596171

#### Consulting on optimization of biotechnological processes

providing recommendations on improving fermentation processes, optimizing the production of biologically active substances, and increasing the efficiency of using bioresources

depends on the scope of consultations

depends on the complexity of the project

#### Viktor HUSAK

E-mail: [viktor.husak@pnu.edu.ua](mailto:viktor.husak@pnu.edu.ua)  
Phone number: 0342596171

#### Consultations on the use of laboratory models for research

developing research approaches using laboratory mice, fruit flies, fish, or other models to test products or substances

**starting from 500 UAH**  
depends on the specifics of the request

from one up to three months

**Development of a comprehensive spatial development plan for the community**

A comprehensive plan for the spatial development of a community's territory is a kind of "road map" that indicates the direction of development of the territory, taking into account its natural, social, economic and cultural features. It helps to set priorities, allocate resources, and avoid chaotic development. A clearly defined development strategy attracts investors who see prospects for investment. The Law of Ukraine "On Regulation of Urban Development Activities" defines a comprehensive plan as the main document that determines the planning organization, functional purpose of the community territory, basic principles and directions of forming a unified system of public services, road network, etc.
